

City of Shallowater
Fiscal Year 2025-2026 Utility Rates
Water, Wastewater, Bond & Lubbock Water Charge

The City of Shallowater contracted with Raftelis, a rate consultant firm to simplify the rate structure for water and wastewater services for the City's utility system for the fiscal year 2025-2026. In an effort to simplify the structure, we have gone from a 10-tier system to a 4- tier system. Costs are determined by customer class and water usage.
